Design Features

- Flexible rope design
- Warm white light (3000K)
- Easy Installation – All mounting hardware comes in the box
- Linkable – Combine additional sets for up to 120ft. of light
- Weather Proof – Features a flexible and durable design that is ETL-rated for any indoor or outdoor environment

Installation Recommendations

- Before installing, select a mounting location that is capable of supporting the flex light and close enough for the power cord to easily reach an outlet. All screws and mounting clips are included.
- After marking the location for each mounting clip, pilot holes can be drilled using a 1/16in. drill bit.
- Mounting clips should be attached using the included screws.
- Power cord should be plugged into a 120VAC 60Hz outlet. (GFCI outlet if installing outdoors.)
