Design Features

- Features motion-sensing activation, scheduling, dimming and more to keep your home safely lit – all using the free JascoPro Series app
 - All-weather IP65 rated – designed for permanent installation and to withstand year-round exposure to the elements
 - Free JascoPro Series app – no hub required
 - 2.4GHz Wi-Fi connection required – dual- and tri-band router compatible
 - Wi-Fi or Bluetooth setup and control
 - Built-in control button for manual operation
 - Mobile or voice control – works with Amazon Alexa and Hey Google
 - Wall or eave mounting options
 - All mounting hardware included
 - Flood light shines up to 2589 lumens of light. Accent light is independently controlled — shines up to 363 lumens.
 - Adjustable sensitivity – 210° motion-detection area with adjustable sensitivity up to 70ft.
 - Dimmable – full-range dimming through app
 - Schedules and automations
 - Geofencing – automate lights as you come and go
 - Linkable – link to other JascoPro Series Wi-Fi products
 - Multi-position flexible heads
 - Easy wiring with push-in connectors
- ## Additional Installation Information
- Before adjustments are made in the app, the flood light automatically activates when motion is detected in low-light conditions. To override these default settings, use the app to activate preset timers, create custom schedules and more.

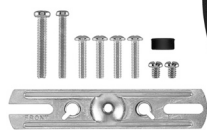

EASY APP CONTROL
