

CIRCADIAN *Lighting* BEST PRACTICES

JascoPro lighting solutions optimize health and wellness through adjustable color temperature and dimming to match natural light indoors. Our circadian lighting offers technology where integrated or built-in lighting fixtures simply can't compete. Create standout homes through innovative illumination.

JASCOTM PRO SMART LIGHTING

Requires round or square
electrical box — not compatible
with pancake boxes

Minimum spec — 2in. x 3in. x
3in. (D x W x H)

DO NOT USE INTEGRATED LED_s

Fixtures with built-in lighting

- Pendant Lights
- Ceiling Fans
- Vanity Lights
- Sconces

MR Bulbs - no smart
option available

CONS OF INTEGRATED LIGHTING

Does NOT support circadian lighting

- Not adjustable
- Uncontrollable
- Singular color temperature
- Nonreplaceable
